

2023 BENEFITS AT-A-GLANCE

The Credit Union is committed to providing employees with a comprehensive and valuable benefits package that includes health and welfare benefits to keep you and your family safe.

401(k) Profit Sharing Plan

The Credit Union's 401(k) Plan is available to all employees the first day of the month following 30 days of employment, with a target employer contribution of 8%. You may defer a portion of your annual pay (up to an annual maximum of \$22,500 and, if eligible, "age 50 or over catch-up" of up to \$7,500) into either a traditional pre-tax or Roth retirement account. To make saving for retirement easy, employees are automatically enrolled in the plan at a contribution rate of 5%. This is effective 30 days after the eligibility date. The Credit Union will match dollar-for-dollar the first 3% of your pay that you defer, plus 50 cents on the dollar for the next 2% you contribute for a total match of 4% of eligible compensation. In addition, you will also receive a 4% profit sharing contribution if you are employed on the last day of the plan year. You may direct the investment of your account among a number of pre-selected funds or choose a self-directed account option.
